WICO®

·THE·SOURCE·™

INTRODUCES A NEW WAY TO OWN A GREAT GAME: THE SEGA CHAMPION BASEBALL CONVERSION KIT.

Sega® CHAMPION BASEBALL, the arcade sensation, is now available as a conversion kit from WICO. With it, you can turn over-the-hill machines into all-star performers. It's easy. It's fast. And it's a lot less expensive than a new machine.

CHAMPION BASEBALL has been a huge cash box success around the world and is fast becoming a smash here. With good reason. This is a game players really get into. They pick their team from one of twelve cities. They see the statistics of all their players. And they make all the decisions a big league manager is faced with. Bunt, steal, pitch-hit, it's all possible. Play is shown in two views — close-up inset of the pitcher and hitter and an overview of the entire field.

The WICO kit contains everything you need for conversion with any rasterscan monitor. All parts have that famous WICO quality built-in. So start your idle machine on a new career in the big leagues right now.

Each kit contains: Electronic Hardware; P.C.B. Board Cage, Connecting Wire Harness; Marquee Overlay; Side Decals, Buttons, Switches & Holder Assemblies, 4-Way Joystick, Mounting Hardware Kit; Control Button Decals; Player Instruction Decals, Technical Instruction Manual, Registration Card; Copyright Seal
